Software Engineering Student | Full-Stack Web Development | Python, React, Node.js, TypeScript, AWS

EDUCATION

The University of Edinburgh

September 2025 - Present

(Bsc) Computer Science

- Relevant modules: Introduction to Linear Algebra, Calculus and its Applications, Functional Programming (Haskell), Introduction to Computation, Data and Analysis

Edinburgh College - Sighthill Campus

August 2023 - May 2024

NPA SCQF Level 6 in Software Development

TECHNICAL SKILLS

Languages: Python, JavaScript, TypeScript, SQL, Java, Haskell, PHP, HTML/CSS

Frameworks & Libraries: React, Next.js, Node.js, Express, Django, Tailwind CSS, Chart.js

Cloud & DevOps: AWS (certified), Git/Github

Databases: SQL (PostgreSQL, MySQL), phpMyAdmin

PROJECTS

AI Mentorship Programme - Full Stack Web Application

Node.js, TypeScript, Express, React, Next.js, Tailwind CSS, SQL, AWS

- Built a mentorship platform that uses AI to generate personalised learning paths, provide resume feedback, and match students with human mentors based on career goals
- Implemented user authentication, a dashboard with progress tracking, and real-time mentor-mentee communication via WebSockets
- Designing RESTful API architecture with Express and PostgreSQL, deploying on AWS with CI/CD pipeline via GitHub Actions

Collaborative Data Dashboard for SMEs — Real-Time Analytics Platform

Django, Python, React, Chart.js, WebSockets

- Developed a multi-user analytics dashboard enabling small businesses to visualise KPIs, collaboratively annotate data insights, and export reports
- Planning real-time collaboration features using WebSockets, role-based access control, and interactive Chart.js visualisations

Online Bookstore — Full-Stack Web Application

HTML, CSS, JavaScript, PHP, SQL, phpMyAdmin

- Built a full-stack e-commerce web application as a college project, integrating a PHP back-end with a MySQL database for product catalogue, user accounts, and order processing
- Implemented CRUD operations, form validation, and database queries handling product search, filtering, and shopping cart functionality

EXPERIENCE & PROGRAMMES

Data Analyst Bootcamp - LTSB x NatWest Programme

July 2025 - August 2025

NatWest Group, Edinburgh

- Completed a 2-week intensive bootcamp gaining interview coaching, presentation skills, workplace training, and confidence-building sessions across NatWest offices in Edinburgh
- Developed professional communication and teamwork skills through structured group exercises and employer-led workshops

Young Quantum Researcher - Summer School

June 2025

IBM Quantum Computing x University of Edinburgh

- Attended a 2-day programme focused on quantum computing fundamentals and coding quantum circuits in Python, hosted by IBM Quantum at the University of Edinburgh

AWS Cloud Practitioner Bootcamp - ThinkCloudly

February 2026

- Completed a week-long course on AWS Cloud services and their application to business, earning an AWS certification

CERTIFICATIONS

- AWS Cloud Practitioner** - ThinkCloudly (2026)
- NPA SCQF Level 6 Software Development** - Edinburgh College (2024)
